Art Course Overview

Dear Parents and Students,

Although we review several artists every year, I focus on a few master artists for my student artists to gain some art appreciation. Last year, I focused on Van Gogh, Monet, Klimt and Andy Warhol. This year, I am going to focus on Seurat, Dali, and Pollock.

We will still use many different mediums and go over many different styles of art. I try to expose my students to many varied lessons in the arts. Even though I teach many of my lessons step by step I still give my students ample time to express themselves in the arts on their own with some guidance.

We will again participate in the Google contest like last year along with one or two Armenian contests. Also, in early spring we will have our annual art show in the hall.

Thank you,

Lara Maria Assilian Atachian

Music Course Overview Grades 1-8

Dear Parents,

Welcome back!

I am thrilled to be your child's music teacher again. My goal is to revive our cultural heritage through singing, and continue nourishing their love of music and achieve basic music literacy throughout the year by familiarizing them to music symbols and notations.

Grades 1 through 4, each one on grade level, will become more fluent with Treble clef and the music alphabet and be able to recognize the notes on the staff, and later on find these notes on the keyboard.

Students from grades 5 through 8 will name these notes on worksheets with several exercises using the standard English notation version (C,D,E,F,G,A,B), and learn the note values. Music History is incorporated and different composing styles are discussed and analyzed.

Our goals:

All students should learn to read music and comprehend basic musical terms to the best of their abilities.

Students will perform Armenian and English songs during our school assemblies and chapel sections.

Students will listen to classical music and learn about some of our well-known Armenian composers as well as important international composers as part of a well- rounded musical education.

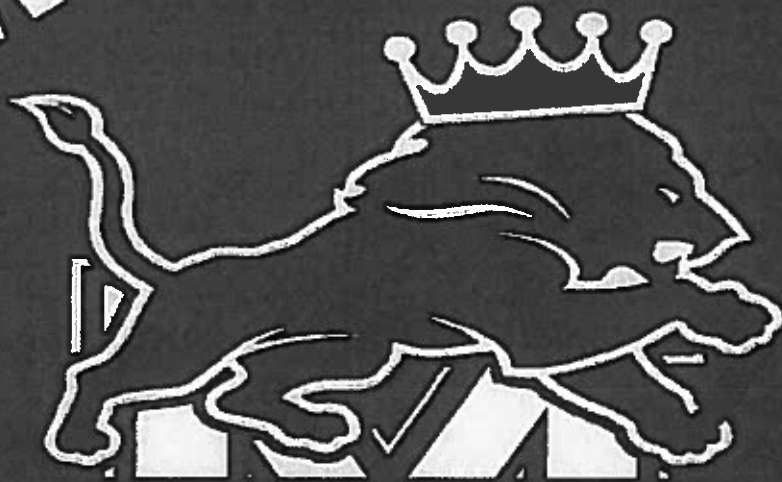

**If you have further questions, please feel free to contact me at:
aliceflowers26@hotmail.com**

I am looking forward to working with each one of you along with our precious students during this academic year, 2019-20.

Sincerely,

Alice Derkevorkian (music Teacher)

Philosophy:

Athletics at C. & E. Merdianian Armenian Evangelical School provides an opportunity for student-athletes who meet our school's basic standards of spiritual, academic, and physical wellbeing, to represent our school in athletic competitions. It is our goal to use the various sport activities not only to develop the athletic skills and abilities of our athletes, but also to emphasize spiritual growth and life skills. Our athletes are to be committed to their teams, act with integrity, compete with sportsmanship, and show school spirit at all times.

Quality Standards:

- **PARTICIPATION-** Everyone plays!

There are no tryouts or cuts. Everyone who signed up for the Afterschool Athletic Program is assigned to a team. The coach gives all players equal attention. At season's end, everyone receives an award for participation in the Athletic program.

- **FUN-** We play sports to have fun & learn!

In addition to having fun on the court, players, coaches, parents, & Athletic Director are urged to follow "Merdinian House Rules" including:

- Speak for yourself
- Listen to others
- Avoid put-downs
- Take charge of yourself
- Show respect for everyone

- **FITNESS-** Regular cardiovascular exercise is important for a lifetime!

Encouraging fitness and good health means developing the whole person: body, mind, and spirit. Warm-up and conditioning exercise are included in practice sessions and before games. Healthy lifestyle habits are covered in team discussions and encouraged in family activities. Physical exercise, such as push-ups or running laps, are done during practices to enhance skills.

- **SKILLS- Emphasize the fundamentals!**

Equipment, facilities, and rules of the game are modified according to the ages of the players. Coaches help players measure their skills, set goals, and evaluate their progress. Team discussions enhance other skills, such as decision making and communication.

- **TEAMWORK- Focus on cooperation, not competition!**

Players have the opportunity to play a variety of positions and are encouraged to help one another with skill(s) development. Team discussions often focus on the importance of TEAMWORK.

- **FAMILY INVOLVEMENT- ALL Merdinian Parents should participate!**

At Merdinian we want to encourage all parents to be INVOLVED. It is very important to be involved in your child's school Athletic program. We have many ways you may be part of our Athletic program such as coaching, being a team parent or being part of our MAC (Merdinian Athletic Committee). Please contact the Athletic Director for interest in helping.

- **SAFETY- Protect players from harm!**

Coaches and team parents are responsible to see that the players are safe from harm and injury at their practices and games. Playing areas are to be inspected before play to prevent hazardous conditions. A safe playing condition for everyone is important to all. Practice and games are all supervised by staff.

- **PROFESSIONAL APPEARANCE (Uniforms)**

Players in our Merdinian program wear the best quality uniforms available: our school jerseys and shorts adorning the unique Merdinian logo with durable numbers on the front and back. Athletic Director & coaches should wear Merdinian Polo T-shirt or shirt at all times when representing School at games or events.

- **COACHING CERTIFICATION**

Our coaches participate in a training process to equip them to be the best coach possible. They are educated and held accountable to uphold the values the school exemplifies. All coaches should have knowledge of the sport they will be coaching.

CODE OF CONDUCT

All team members, coaches, and supporters must maintain the highest standards of conduct at all times. Profanity, loud or rowdy behavior, ridiculing players, talking to fans, not respecting referees, fighting, shoving, and arguing are not allowed at games. It is expected that the team coach will ensure compliance of the Code of Conduct by each team member. Violation of the Code of Conduct after a warning may result in suspension of individual players, coaches, or teams.

Principal's Message:

While we continue to be proud of our remarkable strides in the different curricular areas, we are also proud of our Athletic Program. At C. & E. Merdinian Armenian Evangelical School, we offer a plethora of opportunities for our students to excel not only in the classroom, in the various extra-curricular activities, but also on the field or court, exemplifying the School's motto, "Pursue Excellence."

Our commitment is to work together to ensure that our children are healthy and are always encouraged to participate in different sports.

2019-2020 School Year
6th Grade English Overview
Mrs. Betty Nazarian

Text: Prentice Hall Literature Copper Level

Reading Comprehension

Goal:

Students will read and comprehend grade-level appropriate materials. They will describe and connect the essential ideas, arguments, and perspectives of each text they cover. Students will clarify main ideas, create outlines, summaries, and reports (written and oral). They will study various poems and define how tone and meaning are conveyed through word choice, figurative language, sentence structures, line length, punctuation, rhythm, repetition, and rhyme.

Writing and Grammar

Goals:

Students will read and respond to significant works of literature. They will clarify the ideas and connect them to other literary works. They will distinguish among forms of fiction as well as nonfiction and describe the major characteristics. They will write clear, coherent, and focused paragraphs and essays. Their writing will exhibit awareness of audience and purpose. In addition, their writings will include formal introductions, supportive evidence, and conclusions. They will use the stages of writing process: prewrite, first draft, revise, proofread, and publish. Students will have a clear understanding of parts of speech: verbs, nouns, adjectives, adverbs, pronouns, prepositions, conjunctions, interjections, etc.

Spelling and Vocabulary

Goals:

Students will analyze word origins to determine meaning and develop a systematic vocabulary. They will spell grade-level-appropriate words and learn various spelling conventions.
